No rest for this Chevy... round the clock the engine never stops!
At Washington's bustling National Airport, Allied Airlines Fueling counts on its red-cased and tank trucks to the right places at just the right time. Aside from occasional time out for the usual service, its Thriftmaster 6-cylinder engine has been running 24 hours a day for the past 9 months!
Once you've got that kind of endurance working you don't worry much about just job time. Breakdowns go out of style the day your Chevy goes into action.
The fact is, Chevrolet trucks are dead set on dropping the word "downtime" right out of the English language. And they just might, if precision engineering and top-quality materials have anything to say about it. Chevy trucks are put together to stay together—incorporating the most advanced chassis developments, the most efficient 6-cylinder and V8 engine designs. They're built to last, built to keep Chevrolet's hard-earned reputation for reliability flying high.
Going into the real heart of Chevrolet advantages is where your dealer comes in. He'll show you, in feature after feature, that you can't buy more truck dependability—in any truck class—at any price.
No job's too tough for a Chevrolet truck!

Employment Easing Down Report Says Non-Farm Employment Is Also Lower
Agricultural employment began to ease back in April from 18,900 in March to 16,050 in April, according to Labor Market Trends, a publication of the Florida State Employment Service. The report was released this week by Robert M. Douglas, West Palm Beach, and J. W. Mosley, Jr., Belle Glade, both FSES managers.
A year ago 13,700 workers were engaged in agriculture in Palm Beach County. Spring harvest activities declined along the coastal section, but demand for workers in the Glades area remained high into May.
From March to April nonfarm employment dropped 18 percent, lowering the estimate for April to \$2,400. Numerically the reduction amounted to 950 workers, with trade and service establishments sharing the responsibility for the decline.
The manufacturing industry added 50 to the payrolls in April and contract construction put on an additional 100. Compared to last year, these industries augmented payrolls 31.5 percent and 11.8 percent, respectively.

Results Of Rogers' Questionnaire
Congressman Paul G. Rogers of Florida's Sixth Congressional District today announced the results of his annual poll of the district on questions pending before the Congress.
In making the announcement today, Rogers said, "The returns on the Questionnaire this year are very gratifying, and indicate a real interest in government by thousands of our people. Over 30,000 people took the time to answer the Questionnaire this year, an increase of 5,000 over last year's total of 25,000. I hope that all of the residents of the 6th District will continue to make their views available to me throughout the year."

Rotarians Heard CPA Talk On Tax
B. E. Weeks of the firm of Bamford Weeks, CPA, explained to Rotarians the highlights of the proposed Keogh bill authorizing tax deferral for contributions to a retirement or pension fund for self-employed persons.
The basic idea of the bill is to allow self-employed persons as farmers, doctors, lawyers, bankers, to defer taxes on a reasonable portion of the individual's current earnings during his productive years and to set aside these amounts in a retirement or pension plan. These funds and their accumulated earnings would only become taxable to the individual when he or she begins to withdraw the funds upon reaching 65 years of age at which time their tax bracket should be lower.
The bill provides a lifetime contribution to the plan of \$50,000 and limits the yearly contribution to the lower of (1) \$2,500, (2) 10% of self-employment income, or (3) an amount necessary to bring contributions of prior years up to \$50,000.
Persons already fifty years old could increase the limitations under one and two by 10% for each year over 50.
These funds must be invested in one or more of the following ways: Buy and pay premiums on qualified insurance contracts; turn the money over to banks who will act as trustees or buy a face amount certificate from a regulated investment company. The annual contributions to any of these plans need not be consecutive, and the bill provides for small penalties if withdrawn before reaching retirement age.
Mr. Weeks explained that the proposed bill had already passed the House and was in committee in the Senate at the time of his talk.

Girl Scouts Tell Of Little Roundup
(Barbara Wolf, Bonnie Jean Anderson, Patricia Wilkinson and Anna Marie LaChance Girl Scouts tell about their camping experiences)
The Girl Scout "Little Roundup" was held June 8-13 at the Girl Scout's new Camp Welaka in Jonathan Dickinson State Park near Jupiter.
The camp was a practice session for the Senior patrol that is going to the National Roundup in Colorado the second week in July. There were approximately 30 girls and volunteer leaders there for the week including the National Roundup patrol, four patrols were in operation.
Our campers were set up a half mile from the lodge and shower facilities. Two of the girls kept track of their "talks" in the night. Every one pitched in Monday when we arrived, and put up five 10' by 14' tents, which we slept in Monday through Wednesday. We cleared the area and set up kitchen areas. The only other people that had been there were the men that built our tent platform.
This was the first camp held by our council, and also the first council wide encampment on the campsite. We participated in the first camp council campfire. The name Welaka was chosen. Chain of Lakes in the Seminole tongue was chosen for the camp. It was first disclosed to us.
We thoroughly enjoyed the camping. One time we sang ourselves out of a situation that would have been a calamity. Adults who were in charge included, Mrs. Pat Peoples, camp director, Mrs. Lillian Regan, Mrs. Doris Bates and Mrs. Louise Van Eiten.
Quotes from the girls were as follows: "Little Roundup was a wonderful experience and will surely help us in Senior Scouting next year."
"I enjoyed meeting all the other girls, living out of doors and learning more camp crafts and skills."
"I learned more advanced skills than ever before and everyone had a wonderful time with each other."
"I think one of the things that showed scouting at its best was the incident when we had to clean the garbage can, and the way the girls got through that, was just to sing through it."

Camping Available To Non-Girl Scouts
The Palm-Beach Girl Scout Council announces an extension of camping opportunities to girls not registered members of the girl scout organization. The open registration has been made possible for the first time in the history of the council. Camping facilities have been greatly increased through combined efforts of many fine volunteer workers.
Registration forms with information brochure will be mailed upon request, by calling West Palm Beach TE 2-2409. Established camp session are July 5-July 18; July 19-August 1; August 2-August 15.
Girls eligible for attendance at the Jonathan Dickinson state park have completed the 3rd grade and the maximum age is 17 years.

been x-rayed thus far in the present survey as at the same period of the 1957 Survey. Also Dr. Brumback stressed, this is a different type of survey. One unit spends almost all of its time in thickly populated areas, moving from block to block, practically taking the unit to the doors in areas where TB is more prevalent. It is hoped that by making it as simple as possible, even those people who are not able to get to the x-ray unit at scheduled places, may be induced to get an x-ray if it is just outside their homes.

Over 10,000 people have already received the good news that they do not have active TB or other apparent chest conditions as a result of this survey. Mrs. Ruth L. Shepard, Executive Director of the Palm Beach County Tuberculosis and Health Association, announced today.

South Bay Boy Scouts Attend Court of Honor

Boy Scout Troop 282 of South Bay accompanied by Scoutmaster Frank Willis and J. C. Woodridge attended the Court of Honor and witnessed the final award in which Tommy Cole of scout troop 221 became an Eagle Scout, the second in two years to achieve this honor. The court was held at Everglades Presby- terian Church and other awards were made to the boys in Troop 222 as well as 221.

Scouts present were Larry Kersey, Larry Bowen, Dick Willis, Larnar Groves, Wayne Patsin, Ivan Willis, Duane Stokes, Mike Morris, Donald Bailey. Scoutmaster Willis expressed his appreciation of the invitation to see this impressive ceremony and he hopes that parents of the boys in troop 222 will encourage scout work so that the boys may attain the same honor awarded to those of the Belle Glade Troop.

Delton L. Alford, fireman USN, son of Mr. and Mrs. E. D. Alford of 1748 N. W. Ave. G, Belle Glade Fla., took part in Operation "Granite Creek," May 23 to June 1, while serving aboard the attack aircraft carrier USS Ranger in the Western Pacific.

"Granite Creek" is an exercise designed to test the effectiveness of the Navy's aircraft carrier striking force of the U. S. Seventh Fleet in the Far East.

The Ranger, which along with other carriers is providing air might to this country's first line of defense in the Pacific, is on a routine tour of duty with the Seventh Fleet.

Budget Hearings Arrang

The Palm Beach County Commission has announced its scheduled budget hearings for 1959-60, and Commissioner Paul R. Allen, chairman of the budget committee, said he hopes to see the county's budget "out and over before the Fourth of July."

The hearings will be conducted June 23-30 and July 1-2. Hours will be 10:30-12:30 and 2-4.

Catches Big Sailfish

June C. Willis, 1508 N. W. Ave. E had the thrill of catching a 6' 11" sailfish while fishing aboard the "Spray II" with Captain Ray Young, the Stuart Sailfish Club reports.

Stuart Sailfish Club, world-renowned conservation group, has issued a colorful citation and a bronze pin in recognition of the catch.

Pasture Recovery Checked Winter Damage Gone

Florida's grass has "forgotten" the 1957-58, when cattle were close to starvation and many pastures were badly damaged, reports Dr. R. J. Allen, Jr., of the Everglades Experiment Station, Belle Glade, in the current issue of The Florida Cattleman magazine.

Allen said he and Palm Beach County Agent M. U. "Red" Mounts had compared notes on pasture recovery, and agree that most pastures made a slow but practically complete recovery from winter damage during the 1958 summer.

"I'll pay you to remember that the cost of experience has gone up like everything else."

The problem of life consists mostly of subtracting what a man owns from what he owes.

NEGRO NEWS

Okeechobee Center Enrolls 120 Monday In Recreation Program

The Okeechobee Recreation Center was opened Monday, June 15, at 8:35 with an enrollment of 120 children.

Coach Ben McCoy and Mrs. E. W. Powell began organizing the children immediately: group leaders for stunts, exercises, calisthenics, drills and dances were appointed. The public is invited to attend the center's first program to be held at the assembly building at 8 p. m. Friday.

The directors and children are presenting a Physical Fitness Program. All parents especially are asked to be present as this will be a combination program and get-together night for the directors, children and parents to have a night of entertainment and fun after the program.

Prizes will be given to children who have the largest number of family members present. There will be games, dancing and refreshments after the program. Parents don't let your children down, be present!

The center wishes to thank Mr. Jim Wierenga and the housing authority personnel for the supplies, games and equipment, donated to the center the first morning. Mr. Poole also gave his personal assistance to help the center get started.

The Junior and Midgets softball teams of Okeechobee Center will play Brynna's Juniors at Bryant Center, both teams are in great shape. Everything come out Thursday morning and see Coach Byrdwood and Coach McCoys boys compete for their first victory in softball.
